

National Fire Academy

F0637 – Wildland Urban Interface: Fire-Adapted Communities — Introduction and Leadership, Course I

Version: 1st Edition, 2nd Printing, April 2017

Quarter:

ACE Credit: In the lower division baccalaureate/associate degree category, one semester hour in fire science, fire prevention or public policy.

IACET Continuing Education Units: 0.0

Length of Course: 2 Days (13 hr., 40 min. contact hours)

Prerequisite: None

Curriculum: Fire Prevention: Technical and Wildland Urban Interface

Training Specialist: Mike Weller

Instructor:

Instructor email/phone:

Classroom: J-

Meeting Time: 8 AM – 5 PM

Course Description (Catalog)

F0637 – “Wildland Urban Interface: Fire-Adapted Communities — Introduction and Leadership, Course I.” This two-day course introduces students to the national Wildland Urban Interface (WUI) fire problem and motivates them to initiate action to address the problem within their local community. This course defines the WUI fire problem, identifies the elements of a Fire Adapted Community (FAC) in the Wildland Urban Interface, and illustrates the need for action at the local level.

Student Qualifications (Primary and Secondary Audience)

The target audience for this course includes, but is not limited to, the following:

- Fire and emergency service representatives.
- Community leaders/decision-makers.
- Commissioners, elected officials and other local policymakers.
- Code officials: building, planning, etc.
- Environmental groups.
- Land managers and foresters.
- Other key local stakeholders.

Course Scope (Goal)

The goal of the course is to empower students with the ability to create and sustain a fire-adapted community (FAC) located within a wildland urban interface (WUI). Students will learn how to convene a community coalition that will suggest the use of broad-based fire mitigation strategies, resulting in the development of a Community Wildfire Protection Plan (CWPP).

Students should have an understanding of how wildland fire is impacting both the nation and their local community. They should also have knowledge of partners that their agency is currently working with to address fire risk in the local WUI environment.

Course Objectives (Course Learning Outcomes – TLOs)

After successfully completing this course, you will be able to accomplish the following:

- Articulate the benefits of developing a fire-adapted community (FAC) within the wildland urban interface (WUI).
- Develop a local community coalition to facilitate creation of a fire-adapted community (FAC) in the wildland urban interface (WUI).
- Construct an effective wildland urban interface (WUI) risk profile for their community.
- Develop a draft action plan to initiate development of a fire-adapted community (FAC).

Course Delivery Method

The National Fire Academy (NFA) offers specialized training courses and advanced management programs of national impact in an academic classroom environment [on campus at the National Emergency Training Center \(NETC\) in Emmitsburg, Maryland](#) and through their State, local, tribal, and US territories training partners. All course materials are designed for interactive classroom environments, in either paper notebook or electronic formats.

Course Schedule

The purpose of the course schedule is to give you, at a glance, the required preparation, activities, and evaluation components of your course.

DAY 1	DAY 2
Introduction, Welcome and Administrative	Unit 3: Risk Assessment
<i>Break</i>	<i>Break</i>
Unit 1: A Call to Action Activity 1.1: Understanding Regional Wildland Fire Management Issues	Activity 3.1: Wildland Urban Interface Hazard Attributes Unit 3: Risk Assessment (cont'd)
<i>Break</i>	<i>Break</i>
Unit 1: A Call to Action (cont'd)	Activity 3.2: Basics of a Wildland Urban Interface Fire Risk Assessment Unit 3: Risk Assessment (cont'd) Activity 3.3: Sources of Data to Support a Wildland Urban Interface Fire Risk Assessment
<i>Lunch</i>	<i>Lunch</i>
Activity 1.2: A Call to Local Action for a Fire-Adapted Community Unit 2: Fire-Adapted Community Leadership	Unit 3: Risk Assessment (cont'd) Unit 4: Creating an Action Plan
<i>Break</i>	<i>Break</i>
Unit 2: Fire-Adapted Community Leadership (cont'd) Activity 2.1: Identifying Local Champions for a Fire-Adapted Community Activity 2.2: Identifying the Political Issues Surrounding the Local Wildland Fire Problem Activity 2.3: Building a Fire-Adapted Community Coalition	Unit 4: Creating an Action Plan (cont'd) Activity 4.1: Creating an Action Plan to Initiate Creation of a Fire-Adapted Community Administer Exam Course Evaluation

Day 1 Homework:
Read Lakeshore Case Study.

Note: Times listed reflect approximate instructional time blocks and may be adjusted to meet individual course preferences.

Course Resources (Instructional Materials)

In order to be fully prepared, obtain a copy of the required textbooks and other instructional materials prior to the first day of class.

Required Readings

The student must complete required readings during the course to be able to thoughtfully participate in discussions and activities.

None.

Suggested Reading/Resources

Suggested readings and resources are not evaluated, but may enhance the student's understanding, serve as additional sources for citation and promote discussion of course material.

None.

Required Resources (Course Textbook)

Student Manual.

Supplemental Resources (Supplemental Course Textbook)

None.

Grading Methodology (Evaluation Procedures)

Each two-day course will be assessed by a 25-question examination (100 points).

The required performance to successfully complete the course is attained by completing the class with a letter grade of a "C" or higher.

Letter Grade	Point Range
A	90-100
B	80-89
C	70-79
F	69 or lower

EXAMINATION ADMINISTRATION PROCEDURES

Students will be given exams at the end of the class, and only the instructor will grade the exams. While the exams are being graded by the instructor, students will be asked to complete end-of-course evaluations.

Exams are to be completed individually and not as a group or a group activity, unless specifically directed within the instructor guide for the specific course. Students should use pencils to complete answer sheets if bubble sheets and a scoring key overlay are being used.

There should only be one answer for any given question marked by the student. A question with multiple answers is considered incorrect. Please mark number of incorrect answers on completed exam sheets, record score (percentage), and mark the appropriate letter grade.

Transfer the letter grades to the corresponding student name on the course roster.

If a student does not obtain a passing grade on the first attempt, the instructor will provide remediation¹ prior to a retest. Students who do not pass the first exam will be allowed to take one retest of a new exam before departing from the class. A second failure will result in a grade of "F" being recorded on the grade roster.

Once all exams have been graded, instructors should review the exam as a group.

In the event of unusual events (storm, fire response, family emergency) or early departure, the host agency or state representative may be asked to proctor the exam at a later date. The instructor is responsible to notify the Training Specialist as soon as practical of the situation and name of person responsible for the exams and testing process.

Required Reading Assignments

Student completion of reading assignments will be done via evaluation of their class participation and will not be a separately graded activity.

Suggested Readings

Suggested readings are not evaluated, but may enhance the student's understanding and promote discussion of course material.

Course Outline

Unit 1: A Call to Action (Day 1)

Objectives

Terminal Objective

The students will be able to:

- 1.1 Articulate the benefits of developing a fire-adapted community (FAC) within the wildland urban interface (WUI).

Enabling Objectives

The students will be able to:

- 1.1 Characterize the WUI fire problem.
- 1.2 Identify the elements of an FAC.
- 1.3 Describe what is needed to make their local jurisdiction an FAC in the WUI.
- 1.4 Describe how to initiate a local “call for action.”

Unit 2: Fire-Adapted Community Leadership (Day 1)

Objectives

Terminal Objective

The students will be able to:

- 2.1 Develop a local community coalition to facilitate creation of a fire-adapted community (FAC) in the wildland urban interface (WUI).

Enabling Objectives

The students will be able to:

- 2.1 Describe the values and characteristic behaviors of champions.
- 2.2 Explain the political issues that often surround the wildland fire problem in a community.
- 2.3 Define how to facilitate building partnerships and coalitions to support creation of an FAC.

- 2.4 Construct a list of stakeholders/partners that can help facilitate creation of an FAC.

Unit 3: Risk Assessment (Day 2)

Objectives

Terminal Objective

The students will be able to:

- 3.1 Construct an effective wildland urban interface (WUI) risk profile for their community.

Enabling Objectives

The students will be able to:

- 3.1 Explain the purpose of a community risk assessment.
- 3.2 Describe the elements of a WUI fire risk assessment.
- 3.3 Classify levels of risk analysis.
- 3.4 Determine sources of data to support a WUI fire risk assessment.
- 3.5 Review a draft risk assessment template to support completion of a local WUI fire risk assessment.

Unit 4: Creating an Action Plan (Day 2)

Objectives

Terminal Objective

The students will be able to:

- 4.1 Develop a draft action plan to initiate development of a fire-adapted community (FAC).

Enabling Objectives

The students will be able to:

- 4.1 Describe the purpose of an action plan.
- 4.2 Identify the key elements of an action plan to initiate creation of an FAC.

Policies

Class Attendance and Cancellation Policy

Attendance

- You are required to attend all sessions of the course. If you do not, you may not receive a certificate.
- If you need to depart the training facility early and miss any portion of the course, you must make the request in writing to the sponsoring agency (e.g., State training director, etc.). The State training director may waive the attendance requirement in order to accommodate you with extraordinary circumstances as long as you complete all course requirements.

Course Failure

You can reapply for the failed course or any other NFA course and go through the random selection process. You don't have to successfully complete the failed course before attending another NFA course.

Student Code of Conduct Policy

Students, instructors and staff are expected to treat each other with respect at all times. Inappropriate behavior will not be tolerated.

Writing Expectations

Student writing will conform to the generally accepted academic standards for college papers. Papers will reflect the original work of the student and give appropriate credit through citations for ideas belonging to other authors, publications or organizations. Student written work should be free of grammatical and syntax errors, free of profanity or obscene language or ideas, and reflect critical thinking related to the course subject matter.

Citation and Reference Style

Attention Please: Students will follow the APA, Sixth Edition as the sole citation and reference style used in written work submitted as part of coursework to NFA. Assignments completed in a narrative essay, composition format, abstract, and discussion posts must follow the citation style cited in the APA, Sixth Edition.

Late Assignments

All assignments must be turned in by the established deadline. Late submissions could result in a 10 percent decrease in grade.

Disclaimer Statement

Course content may vary from the outline to meet the needs of this particular group.

Grading

Please review the following rubrics that explain how grades will be awarded.

Students who do not complete the entire course will be awarded an Incomplete (I) grade. In accordance with National Fire Academy academic policies, an Incomplete (I) grade must be removed by the end of the next semester following the course, or it automatically becomes a Failing (F) grade.

https://www.usfa.fema.gov/training/nfa/admissions/student_policies.html

Academic Honesty

Students are expected to exhibit exemplary ethical behavior and conduct as part of the NFA community and society as a whole. Acts of academic dishonesty including cheating, plagiarism, deliberate falsification, and other unethical behaviors will not be tolerated.

Students are expected to report academic misconduct when they witness a violation. All cases of academic misconduct shall be reported by the instructor to the State training director or host agency and to the NFA Training Specialist.

If a student is found to have engaged in misconduct and the allegations are upheld, the penalties may include, but are not limited to one or a combination of the following:

- expulsion,
- exclusion from future classes for a specified period; depending on the severity it could range from 1-10 years, and/or
- forfeiture of certificate for course(s) enrolled in at NETC.

Refer to NFA-specific Standard Operating Procedure 700.1 – *Academic Code of Conduct and Ethics* for more information.
